

# AUSTRALASIAN SOCIETY FOR BIOMATERIALS AND TISSUE ENGINEERING (ASBTE) 2026 INTERNATIONAL AND LOCAL LAB TRAVEL GRANTS, GUIDELINES FOR APPLICANTS

#### Announcement

The ASBTE will fund Lab Travel Grants up to \$2,000 for international travel or up to \$1000 for domestic/local travel each for postgraduate research students and early career researchers, for visits to academic collaborator and/or industry partner labs. This document summarises the eligibility criteria, guidelines for the application and application submission deadlines. The major objectives of these travel grants are to provide students/ECRs with:

- The opportunity to travel to other institutions to develop new collaborations or enhance existing collaborations;
- Increased access to equipment and/or expertise that is not available in their own institution; and
- The opportunity to interact with groups outside their specific discipline area or culture. These grants will not be allocated for conference travel alone, however, if applicants can organise their laboratory visit/s at times coinciding with relevant Biomaterials/Tissue Engineering conferences, support may be approved. The decisions on the Grants will be made by the ASBTE Committee and may vary at the Committee's discretion.
